THE COVER

The Missouri river and the town of Kansas (City), Mo., about 1853 by an unidentified artist. On the river a ferry crosses in the foreground and beyond it a steamboat moves upstream. River transportation was to be an important factor in the settlement of Kansas which was to start soon. The view appeared in *The United States Illustrated*, published serially in 1853 and in two volumes before February, 1854, by Herrmann J. Meyer, New York.
